

Dear partner,

As the weather heats up in the build-up to summer, so is the excitement around the latest innovative technologies and architectures – driving new business opportunities, applications and services.

We are delighted to update you that we have won the prestigious Light Reading's Leading Lights award for most innovative 5G strategy

To keep you up to date, the following are some of the hot topics you'll find in this edition:

- Amdocs **Partner Business Forum 2019 is coming – don't miss it**
- **Globe Telecom** adopts Amdocs NFV platform
- Amdocs partners with **Verizon** to demo end-to-end 5G network slicing
- Open 5G workshop at **TMF Digital Transformation World**

Thank you for partnering with us as together, we enable this new era of transformation!

Ofer Farkash
